#### **Monthly Income & Expense Worksheet**

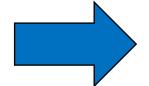

### T.E.A.C.H. Early Childhood® DELAWARE

This sheet helps us determine your monthly earnings from your child care home. Use figures from last month to answer each question. If last month does not reflect an average month, use the most recent month which does. Receipts are not required, but you must sign where indicated to verify its accuracy. This is a two-page document. Please complete both pages.

- To show your INCOME, please complete the following chart. You do not need to list the children's name, but you must indicate how much you receive for the care of each child in your home.
- Under "Parent Fees," list only the amount paid to you by the parent(s) of each child. Is this a weekly or monthly payment? Circle the correct pay period.
- If subsidy helps pay the cost of care, write the amount you receive in subsidy for each child in the appropriate box.
- What time does each child typically arrive and when does s/he leave? Please list the typical days and hours each child attends your program in the final box. All part-time and full-time children should be listed here.
- List income from drop-in care and the food program below the chart. If you provide shift care and need more space, please write
  the additional information on a separate sheet and sign your name to verify accuracy.
